ROLES AND RESPONSIBILITIES

We are looking for a detail oriented, ambitious, high energy candidate with experience working in a fast paced fabrication shop. The ideal candidate will work well under pressure and within a team environment and have excellent communication skills, both verbal and written. This position will be required to collaborate with others and at times work with little to no supervision. Candidates must have a mechanical aptitude and have hand tool experience. Key responsibilities will include:

- **Operating various shop machines**
- **Assembly**
- **Painting**
- **Use hand tools to fit and assemble parts**
- **Assembly, labor and general shop help**

Other duties, responsibilities and activities may change or be assigned at any time with or without notice.

ESSENTIAL FUNCTIONS

- **Must be able to lift 50 pounds unassisted**
- **Ability to crouch, twist, bend, kneel and stoup for 8-10 hours at a time**
- **Use of hands to operate and assemble**
- **Must be able to work in acclimate weather**

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

QUALIFICATIONS AND EDUCATION REQUIREMENTS

A high school diploma and a minimum of two years' experience in a shop environment required. Experience reading prints preferred but not required. Must have own basic tools. Must maintain a valid driver's license.

Compression Leasing is an Equal Opportunity Employer.
