ROLES AND RESPONSIBILITIES

We are looking for a detail oriented, ambitious, high energy candidate with experience working in a fast-paced ASME code shop. The ideal candidate will work well under pressure and within a team environment and have excellent communication skills, both verbal and written. This position will be required to collaborate with others and at times work with little to no supervision. Candidates must have **ASME** code experience, be able to read prints, be experienced in SMAW, TIG, GMAW, SAW, and FCAW welding processes. Key responsibilities will include:

- **Operating various shop machines**
- **Read Prints**
- **Use general welding tools for ASME code work**
- **Pass welding tests and x-ray**

Other duties, responsibilities and activities may change or be assigned at any time with or without notice.

ESSENTIAL FUNCTIONS

- **Must be able to lift 50 pounds unassisted**
- **Ability to crouch, twist, bend, kneel and stoup for 8-10 hours at a time**
- **Use of hands to operate and assemble**
- **Must be able to work in acclimate weather**

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

QUALIFICATIONS AND EDUCATION REQUIREMENTS

Experience reading prints required. Must have own tools. Must maintain a valid driver's license.

Compression Leasing is an Equal Opportunity Employer.
