COMPRESSORS EVERYWHERE

SERVING THE GAS COMPRESSION INDUSTRY WITH LOCATIONS IN WYOMING AND COLORADO

CLS is the only **AUTHORIZED DISTRIBUTOR** in Wyoming for **QUINCY AIR and GAS COMPRESSORS** and proudly carries and services the full **QUINCY** line of products

WHO WE ARE:

- Compression Leasing Services
- Located in Wyoming and Colorado
- Serving the gas compression industry since 1981
- Family owned and operated

CLS is proud to distribute and support products made by many leading manufacturers of compressor and engine products

WHAT WE DO:

- Sales, leasing, service and repair of gas compressors
- Engineering support and design of compression systems
- Trained field expertise in compressor and engine repair
- General compressor and engine maintenance

WHAT WE CAN DO FOR YOU:

- Fabrication and design of gas compressors and field equipment
- Service your compressor at your location or we can pick up, repair, and then deliver your compressor back to you
- Major overhauls, PM's, retrofits for new applications
- Counter parts sales, direct shipping and delivery available
- Provide emergency response 24 hours a day
- We stock necessary parts for the compressors we service and sell
- Fully equipped field trucks and trained personnel
- Fluid analysis reporting for compressor and engine oils
- Help promote safety in gas compressor systems through proper maintenance and cleanliness
- Reduce gas compression operating costs through improved reliability and component failure prevention
- Provide rentals and flexible leases of equipment
- Vessel fabrication and repair through our ASME certified code shop (Valid R, UM, U stamps)

GAS COMPRESSOR PARTS & ACCESSORIES:

- Oil and air filters
- Quality OEM and aftermarket engine oils and compressor lubricants
- Compressor valves
- Rod pressure and wiper packing
- Pistons
- Con rods and bushings
