

COMPRESSION LEASING SERVICES

FULL SERVICE PARTS WAREHOUSE

PARTS, SERVICE & SUPPORT FOR COMPRESSORS EVERYWHERE

GENUINE OEM / AFTERMARKET PARTS FOR INDUSTRIAL & OIL FIELD COMPRESSION EQUIPMENT

PROVIDING QUALITY EVERY PARTS & SERVICES TIME

WHY CHOOSE CLS?

At **Compression Leasing Services**, our **professional staff** are always ready to assist our customers. We carry a wide range of **genuine OEM and aftermarket parts** including basic pumps, screw compressors, filters, fluids, hoses and accessories to keep you operating and **save you money**. Our parts department offers innovative solutions for any equipment applications, from small repairs to full rebuilds. We carry, manufacture, deliver and install your products correctly the first time.

WHAT WE OFFER:

- Four convenient warehouse locations with full selections of compressor and engine parts
- Free parts delivery on normal sales routes
- Full resource library containing operations, parts, repair and maintenance manuals for many compressor makes and models
- Our staff has special expertise in all compressors, compressor accessories, diesel and natural gas engines, electric motors, couplings, drive components, and cooling systems
- Our full service machine shop can manufacture, rebuild, and repair many compressor parts including: compressor valves, valve chairs, valve caps, set screws, distance pieces, cylinders, cylinder liners, packing boxes, wiper boxes, pistons, piston rods, piston rings, rider bands, pressure and wiper packing, and many other compressor accessories and components
- We offer detailed 2D and 3D AutoCAD / CAM drawings, records of inspection, quality control, material tracking and test report MTR's of the parts we manufacture for our customers
- Our parts and services department will pick up, deliver and install parts at well sites, plant locations, mines, and customer facilities
- 24 hour service, hot shot services and special deliveries possible with our own in house transportation department
- Custom crating and protective packing available for all shipments including international destinations
- Our large buying power with diversified manufacturers allows us to pass on discounts on parts and accessories to save our customers money on the items they need for their compressors, heavy equipment and specialty items
- Our parts department carries a wide range of OEM parts, quality aftermarket replacements for filters, fluids and other more cost effective compressor supplies
- We heavily stock our shelves with parts and keep our inventory levels current to support our customers' equipment; this allows us to provide the best service and repair team in the compressor business
